CET WORKING DOCUMENT

SUBJECT: Pilot Group on Reform of Locarno
Classification
PURPOSE: Information
AUTHOR: Robert Watson

DATE: 4 December 2009
REFERENCE: EXCO/AR10/CET/1202
MEETING: ExCo Buenos Aires, Argentina
MEETING DATE: January 10-14, 2010
DISTRIBUTION: All attendees

Following the last ExCo, the Pilot Group has met once to carry out a detailed analysis of the indexing work carried out on visual features of a selection of registered designs.

The Pilot Group is also looking at image recognition technologies which could be used as a tool for design searching.

Group 2 are monitoring progress of this group, but given the detailed and technical nature of the discussions do not see any need to make submissions at this time. Therefore, further reports will only be made if action is needed.
